

CMU Building Blocks

Clark/McCarthy University - Construction Management Program

Please join Clark/McCarthy Healthcare Partners for a five-part construction management training series. The **CMU Building Blocks** training curriculum is designed to supplement the capabilities of local, small, and disadvantaged businesses in the New Orleans area. This innovative free training program is designed to help firms learn or hone the tools required to compete in the highly competitive construction industry. Courses are designed for any business size and level from beginner to advanced. The program is structured in an interactive format with a focus on providing core construction management and business skills to program participants. Courses will be taught by local industry experts and will include interactive learning. To be considered for graduation, participants must attend (or have company representation) at least four of the five offered courses.

FREE

- Work In Progress / Scheduling (4/24/12)
- Submittals (5/8/12)
- Federal Contract Compliance (OFCCP, SBA, DOL) (5/22/12)
- Billing / Change Orders / Pay Apps (6/5/12)
- Electronic Mediums (Constructw@re, BIM, LCPTracker) (6/19/12)

These courses are a great tool to enhance your capabilities, knowledge and skills in the construction management arena. Courses will help build your companies capacity and ability to better respond to numerous upcoming construction contract opportunities in and around the New Orleans area. Don't forget these classes could also serve as great professional development tools for your existing employees!

Yes, we are interested in participating in the FREE CMU Building Blocks Program.
